## SPOILT FOR CHOICE IN THE CARAVAN AND CAMPER MARKET

Sydney 4WD and Adventure Show, 13-15 October 2017

New names, big brands and extra display space is the common theme for the caravan and camper trailer exhibitors at this year's 4WD and Adventure Show.

The 4WD and Adventure Show has long been regarded as the place to go for all the latest gear, and in 2017 the Show has had to be expanded to accommodate so many new exhibitors!

Show Director Peter Woods said in particular, the camper trailers, caravans and offroad van market was growing steadily, and he was pleased to see not only new names attending this year's Show, but regular exhibitors taking extra space to display their latest products.

"We all know that Aussies love being in the great outdoors and with so many amazing spots to discover in our own backyard, families are opting to take camping holidays rather than travel outside Australia," Peter said.

"This year we look forward to seeing Black Series Campers and Caravans at the Show for the first time; as well as New Age Caravans new to the Show."

"There are plenty new release models on the market that will be on display at the Show, so if you're looking to purchase a camper trailer or caravan, you really don't want to miss the Show!" Peter said.

### **New release products in 2017**

Patriot Campers will display their exciting new release – the X2 Adventure Trailer – at the Sydney 4WD and Adventure Show this year.

The design brief for the X2 was simple: Build an affordable, versatile, lightweight camper trailer for the young adventurers or the whole family without compromising on build quality or losing sight of the original Patriot Campers vision: To build a camper trailer that will follow you wherever you choose to go.

Patriot Campers have ticked all the boxes with this one! The Patriot Campers X2 is the ultimate adventure companion. It's designed to suit those with an active lifestyle. Its standard configuration means it can be optioned to suit your needs, and its low towing requirement means you don't need a large 4WD to tow it.

Jayco will again be exhibiting at the Sydney 4WD and Adventure Show; and with several new release vans on display, Jayco will bring their Super Display to the Show!

Spanning almost 1200sqm, the Jayco Super Display will be located adjacent to the Engel Bush Camp Stage. Jayco will be releasing the new 2017 Jayco Adventurer.
